Release that toxic energy!	*Heal your heart.*	***Open your heart and let love begin.***
Paragraph	**Paragraph**	**Paragraph**
It can be hard to move on, especially if you have been gaslighted into thinking that nothing was wrong or that it was all your fault. Those lies can make you feel stuck, but understanding where you are in your journey will help you know where to go from here.	Learn how to gently unpack the trauma involved in unhealthy relationships and tend to the bruised and bleeding heart that comes with breakup and loss. Healing *is* possible. We'll show you how by showing you which steps to take for the biggest impact on future health and happiness.	Lead with love and live in hope once again. Once you process and move past the grief of loss, you will learn strategies that will allow you to let go of fear and open your heart to new opportunities for love and all the good that the universe has intended for you.
